

WATER SUPPLY PLAN – PROPOSED COMPREHENSIVE PLAN TEXT AMENDMENT

The Planning & Environmental Resources Department is requesting to amend the Monroe County 2030 Comprehensive Plan to adopt a 10-year Water Supply Facilities Work Plan update, pursuant to Section 163.3177(6)(c), F.S., which requires local governments that are subject to a regional water supply plan to update their adopted 10-year water supply facilities work plan within 18-months of the adoption of the regional water supply plan update. The South Florida Water Management District (SFWMD) updated its Lower East Coast Water Supply Plan on September 23, 2024, which identifies areas where water supply, demand, and shortages are projected to occur within the next 20 years.
